**\* To calculate 30% income threshold for the Prevention/Diversion Assessment find the appropriate household size in the appropriate county. Multiply the 50% threshold for the appropriate household size by 2. Take that number and multiply it by .3. This will give you the 30% AMI threshold. For example: Wright County participant with a household size of three would be  $\$19,067 \times 2 = \$38,134$ .  $\$38,134 \times .3 = \$11,440$ . The participant would have to be making less than \$11,440 and more than \$9,798 (the 25% threshold) to be included in the 30% AMI response.**
